The "Lifestyle matters" Declaration

The "Lifestyle Matters" Declaration was introduced by the Committee that organised the international congress "Lifestyle, Diet, Wine and Health" on 19/20 October 2023 in Toledo, Spain. This declaration aims to give voice to the many scientists around the world who research diligently, honestly, and successfully in the disciplines concerning lifestyle and health risks to achieve a balanced view of the scientific evidence.

The Declaration can only be signed by scientists with on-going research, teaching, publication, or presentation activity, and who are in any way affiliated with either a university or a research-driven organisation.
